STAFF REPORT (REPORT 26-40)

DATE: August 25, 2026
TO: Board of Directors
FROM: Marissa Shmatovich, Deputy Director of Administration
BY: Corbyn Brooker, Human Resources Manager
SUBJECT: **Vacancy, Recruitment, and Retention Report**

RECOMMENDATION

The Center recommends:

1. The Board of Directors conducts a public hearing to receive information from staff and comments from the public regarding the Center's vacancies, recruitments, and retention efforts in compliance with Assembly Bill 2561 and Government Code Section 3502.3.

BACKGROUND INFORMATION

On September 22, 2024, Governor Newsom signed Assembly Bill 2561 into law to amend the Meyers-Milias-Brown Act and enact Government Code 3502.3 creating a new requirement for public agencies to present the status of vacancies, recruitment, and retention efforts at a public hearing before their governing board at least once per fiscal year prior to the adoption of the final budget. The Center presented the first report on June 25, 2025 meeting and moving forward subsequent reports will occur early in the calendar year prior to the presentation of preliminary and final budget.

The bill specifies requirements for the following:

- The public agency is required to identify changes to policies, procedures, or recruitment activities that may lead to obstacles in the hiring process
- If the number of vacancies meets or exceeds 20% of the total number of authorized full-time positions in a particular bargaining unit, the public agency will additionally include:
 - o The total number of job vacancies within a bargaining unit
 - o The total number of applicants for vacant positions within a bargaining unit
 - o The average number of days to complete the hiring process from when the position is posted
 - o Opportunities to improve compensation and other working conditions

The number of vacancies in the Center's local bargaining unit throughout the fiscal year is less than 20% of the total number of authorized full-time positions. Therefore, the above requirement has not been met.

Government Code 3502.3 entitles the local bargaining unit to make a presentation at the public hearing where the public agency presents the vacancies, recruitment, and retention report. The Center has notified the local bargaining unit – IAFF Local 522 – of the opportunity to present.

ANALYSIS/DISCUSSION

Vacancy Information

As of this reporting period, the Human Resources Department is actively recruiting to fill the following 5 key vacancies within the organization. There are currently (4) Recruit Dispatcher vacancies and (1) Dispatch Supervisor vacancy, however we are over hiring due to retention rates and anticipated vacancies as a result of promotions.

1. Recruit Dispatcher (Dispatcher I)

- **Position Type:** Full-time, Non-Exempt (Bargaining Unit)
- **Hourly Range:** \$28.66 – \$34.84
- **Status:** Active Recruitment – Open until filled

Overview:

Dispatcher I is the entry-level classification responsible for receiving and processing emergency and non-emergency calls for fire and medical services. This position is critical to the center's operational readiness and public safety mission.

Key Qualifications:

- High school diploma or equivalent (minimum requirement)
- No prior dispatch experience required
- Must possess strong communication skills, typing proficiency, and ability to remain composed under pressure

Recruitment Notes:

We are targeting candidates who demonstrate strong multi-tasking skills, emotional resilience, and a commitment to public service. Outreach efforts are focused on broadening awareness through local job boards, public safety forums, and community networks.

2. Dispatch Supervisor

- **Position Type:** Full-time, Non-Exempt (Bargaining Unit)
- **Monthly Salary Range:** \$8,613.68-10,469.99
- **Status:** Active Recruitment – Open until filled

Overview:

The Dispatch Supervisor is represented by the employee bargaining unit. Under the guidance of the designated Dispatch Manager and with minimal supervision, the Dispatch Supervisor is responsible for the day-to-day shift operation, including supervision of dispatch personnel.

Preferred Qualifications:

- Candidate must have at least three years of increasingly responsible experience in public safety dispatch. Two of the three years must be in the role of a public safety dispatcher.

Recruitment Notes:

We are targeting candidates who demonstrate exceptional leadership skills, strong multi-tasking skills, emotional intelligence and commitment to Public Service.

Recruitment and Retention Efforts

Human Resources is actively collaborating with the Training Manager to review applications for the current dispatcher vacancies. We've recently entered into contract with Neo-gov recruiting to enhance the quality and diversity of applications by way of advertising our job postings via government jobs.com. We have received increasingly positive feedback internally about the candidates. Additionally, as part of ensuring we are hiring and attracting top talent, Initial phone screenings are being conducted to assess a candidate's suitability, and qualified applicants are being sent on the initial readiness test, which includes typing and other relevant skills assessments.

Upon successful completion of the initial testing phase, HR will begin scheduling panel interviews with qualified candidates. Panel interviews have already been underway and are anticipated to continue through the end of the month as part of our continued efforts to move viable applicants through the recruitment pipeline efficiently.

Challenges to Recruitment and Retention

Recruitment efforts initially faced challenges due to the need to establish the internal infrastructure necessary to support a comprehensive talent acquisition strategy. Over the past two years, the HR Department has intentionally built a strong foundation by developing expertise in Talent Acquisition and Talent Management, implementing structured recruitment processes, and strengthening hiring practices. As a result, the organization is well positioned to continue improving recruitment outcomes and attracting high-quality candidates.

Supervisor vacancies exceed the 20% threshold, and to address these vacancies the Center entered into contract with Clancy and Associates to conduct a comprehensive supervisor assessment center. There are 2 Supervisor vacancies, and the Center received three applications. As the Center has not hired for the position of Supervisor in over 4 years, the data for average time to complete the hiring process for this position is unavailable and/or incomplete. To provide adequate preparation time for all applicants while acknowledging the present need, the Center announced the Vacancy on June 23, 2026 with an assessment date of July 24, 2026. The Center continues to re-evaluate fringe benefits, career opportunities and other avenues to ensure we are attracting top talent.

Retention within a 911 communications center is influenced by both operational and organizational factors. The demanding nature of emergency communications including shift work, mandatory overtime, and the inherent stress of the profession creates ongoing retention challenges common throughout the industry. While these factors cannot be eliminated entirely, the agency remains committed to fostering a positive workplace culture, offering meaningful employee engagement opportunities, and continuously gathering employee feedback to implement improvements that support employee satisfaction, well-being, and long-term retention.

ALTERNATIVE ACTIONS:

While the information presented here is for informational purposes only, pursuant to the requirement of AB2561, the Board of Directors may provide additional direction or feedback to staff upon receipt of this information.

FISCAL IMPACT

This report is for informational purposes only and has no fiscal impact.

CONCLUSION

Filling these vacancies remains a top priority for SRFECC to maintain operational excellence, ensure leadership stability, and uphold service delivery standards to our member and contract agencies. HR will continue to provide updates on recruitment status and timelines in subsequent reports.

She reported that recruitment efforts continue to progress positively through the implementation of NeoGov, which has enhanced capabilities and pre-screening tools in preparation for the upcoming September academy. She also congratulated Courtney McClelland and Bayleigh Nichols on their promotions to Payroll and Benefits Administrator and HR Technician, respectively. Marissa provided updates on the CAD modernization project, noting continued progress with the development of ADL and preparations for AVRR. She also reported that the CAD update was successfully completed with minimal operational impact. Additional updates included completion of generator maintenance, progress on NICE hardware installation, and continued efforts to strengthen radio system redundancy through recent infrastructure improvements. In closing, Marissa recognized staff for their continued dedication and commitment to advancing projects, initiatives and organizational growth despite ongoing transitions and changes within the Center.

Deputy Director of Operations Casey Quintard: Casey provided an update that July operations were successful, including the July 4th holiday response, which required an all-hands-on-deck effort from staff. Despite concerns regarding potentially increased call volume associated with the 250th anniversary celebrations, call volumes remained manageable, and an after-action report was completed for distribution to member agencies. Casey provided updates on continued testing and improvements relate to ViewPoint Mapping. He congratulated recent D1 sign-offs, including Noey Baza, Matthew painter and Jared Wallace. He also recognized Leni Sina for her recent CRO sign-off. Additional updates included ongoing efforts to improve cardiac arrest response through CPR hands-to-chest time reviews, encouraging agencies to update TabletCommand to utilize enhanced hospital status features, completion of EMD recertifications, preparation for Academy 26-2 beginning in September, and upcoming events including the Capital Air Shoe and UC Davis Resuscitation Academy. He ended by recognizing staff anniversaries for Manager Katherine Shelton, Dispatcher Amanda Stone-Hodge and Dispatcher Sarah Hopkins.

Chief Executive Director Parker Wilbourn: Chief Wilbourn expressed appreciation for the support and dedication of the Center staff. He provided an update on his first 30 days with the organization, highlighting the successful July 4th operations, and increased community engagement through media outreach, and staff response during a power outage on July 4th and reaching out to SMUD on duty officer who was able to reduce 60-minute ETA down to 15 minutes. He recognized these efforts as examples of the importance of external partnerships and stakeholder engagement. Chief Wilbourn reported meeting with member agency chiefs, staff, Local 522 representatives, and regional partners to gain insight and establish relationships. He also discussed plans to continue visiting partner agencies and other PSAP's to better understand operations and identify opportunities for collaboration. Additional updates included recognition of staff accomplishments, recruitment efforts, CAD and radio modernization efforts, ACE reaccreditation preparation, upcoming events, and Academy planning. He highlighted key organizational priorities of external engagement, future readiness, and supporting members and the mission. He encouraged continued collaboration with member agencies through increased ride-alongs and sit-alongs to strengthen the connection between dispatch operations and field personnel.

STAFF REPORT (REPORT 26-38)

DATE: August 13, 2026
TO: Board of Directors
FROM: Parker Wilbourn, Chief Executive Director
BY: Brad Dorsett, IT Manager
SUBJECT: NV5 GIS SUPPORT BLOCK

RECOMMENDATION

The Center recommends the Board of Directors approves a renewal of GIS support hours with NV5 for \$30,000.

BACKGROUND/ANALYSIS

SRFECC has utilized NV5 Geospatial for on demand GIS support since 2021. The Center utilizes the support hours for high-priority escalations, special projects, and technical documentation assistance. When needed, NV5 has been beneficial on projects like Tablet Command and GDI Tools. Moving forward NV5 is still utilized by our GIS and CAD staff for an added layer of high-level project support. With all the GIS focused projects being rolled out this fiscal year, the recommendation is to renew the block of support hours to ensure all timelines and tasks stay on schedule.

FINANCIAL ANALYSIS

The block of support hours will be funded by the GIS Service Contract line item with no unanticipated financial impacts. This line item has been reduced by 50% since last fiscal year.

This recommendation is in alignment with Strategic Blueprint focus area 4C – Invest in the Center’s long-term facility, technology and communication needs and a modern disaster recovery site.

Should you have any questions, please contact me prior to the Board Meeting.

Thank you for your interest in the GIS Support Block offered by NV5 Geospatial, Inc. (NV5). Included in the following pages are a description of the NV5 services with corresponding hours and specified budget.

GIS Support Blocks will provide a vehicle for accessing GIS support on-demand to Sacramento Regional Fire/EMS Communications Center (SRFECC). I hope you find this information helpful. Please contact me if I can provide further assistance.

Thank you again for your interest. We look forward to working with you.

I. GIS Support Blocks

Location provides a context and perspective that has helped organizations solve problems, streamline processes, gain insight, and, in general, better serve the target audience. The supporting technology has evolved and advanced to support the need and the potential applications of location technology are boundless, limited only by desire and creativity. As a result, supporting an enterprise program now demands broad technological experience and domain expertise that challenges the capability or capacity of many organizations, which can in turn limit the adoption, growth, and success of a program.

NV5 support blocks are designed to support and advance enterprise programs, whether the need be for technical expertise or additional resources and capacity. The support block is a Time and Materials (T&M) contract vehicle through which SRFECC will be able to tap into the NV5 team and our collective knowledge, experience, and resources.

As a company focused on location technology services, we bring an expansive team of professionals capable of supporting broad organizational requirements. To do that, we identify and assign the most effective and cost-efficient approach and staff, however, we will assign a single point of contact through which SRFECC can communicate needs and requests.

How do Prepaid Support Blocks work?

The NV5 prepaid support block provides clients access to our team via a discounted and blended hourly rate (flat across labor categories) that is valid for one year (12-months from award). As a T&M contract, the support block has no explicitly pre-defined or obligated scope. Instead, we work with our clients to identify functional objectives, which translate into specific support tasks or requests. The approach is flexible, allowing us to accommodate the potentially unique tasking for each client.

Even prior to contract award, the NV5 team will endeavor to collaboratively identify categories or areas of tasking based on vision and need. This content will guide activity and tasking under the support block but will not be considered formal scope. Tasking will be estimated, as reasonable and feasible, but the numbers provided are estimates based on the best of our knowledge, experience, and insight at the time and do not represent a guarantee of completion within the specified time. We will communicate deviations from estimates as early as possible.

All time related to our activity with SRFECC will be tracked, recorded, and reported in minimum intervals of 30-minutes (0.5 hours). This includes the effort required to discuss, design, consult, estimate, plan, manage, execute, and support various tasks by any NV5 staff member working on the SRFECC support block, which includes periodic and recurring meetings to review status and identify future tasks. The team will work diligently and deliberately with the approved budget to help ensure we deliver value that will support a lasting relationship.

The NV5 team will undertake tasking that has been prioritized and authorized by SRFECC by logging the request and getting our staff aligned and assigned. We understand that response timeframes are important and we will queue tasking as appropriate. In some cases, this means rapid response may be required and in other situations tasks queued and planned as the appropriate resources are available, which may range from two to four weeks from request.

II. Functional Objectives & Support Block Vision

To help both SRFECC and NV5 in optimizing the value of the proposed support block, we have outlined below the primary functional objectives and support categories based on initial conversations. As mentioned, this list does not comprise project scope but rather represents potential types of tasking to direct our collective effort and drive progress. The list that follows is not exhaustive and NV5 will accomplish only as much tasking as the authorized budget supports.

- ArcGIS Enterprise Upgrade to 12.1
- Support with Migration of Solutions from Web AppBuilder to Experience Builder
- Ad Hoc Support

III. Pricing & Acceptance

NV5 is proposing a prepaid, time and materials support block with an established budget of \$ 30,000, as authorized by SRFECC and leveraging the rates associated with the designated budgetary range as indicated below (*Note: hours purchased are valid for 12-months from award*).

Prepaid Budget	Hourly Rate	Hours
\$25,000 to \$34,999	\$217.00	115.0 to 161.0
\$35,000 to \$59,999	\$211.50	165.5 to 283.5
\$60,00+	\$205.50	292.0+

You may indicate your acceptance of the above proposal with a signature from authorized personnel at SRFECC.

- 4. Changes.** Client may make changes in Services within the general scope of this Agreement (including, but not limited to, additions to or deletions from Services, suspension of performance, and changes in schedule) by giving Consultant written notice of the same. If a change causes an increase or decrease in the time or costs required to perform Services according to this Agreement, the schedule and compensation for such Services will be equitably adjusted to reflect such increase or decrease, and the Agreement will be amended in writing accordingly.
- 5. Additional Services.** Client agrees that if Client requests services not specified in the scope of services described in this Agreement, Client will pay for all such additional services as extra services, in accordance with Consultant's billing rates utilized for this Agreement, or as identified via an amendment to the original Agreement.
- 6. Billing and Payment.** Consultant will issue an invoice in the full amount of the support block immediately upon award and will be payable by Client within thirty (30) days after receipt of the invoice. Where the method of contract payment is based on a time-and-materials basis, the minimum time segment for the charging of work is one half hour. All payments will be made in United States Dollars. The Invoice is delinquent if payment has not been received when due as set forth in this Section. In such an event, Client shall pay an

additional charge of one and one-half (1.5) percent per month (or the maximum percentage allowed by law, whichever is lower) on any delinquent amount. Payment thereafter will first be applied to accrued interest and then to the principal unpaid amount. Consultant shall also be entitled to recover for all costs and expenses incurred (including any attorney's fees) in connection with collection of any delinquent amount. Consultant reserves the right to withhold all reports or deliverables and suspend any and all services, including but not limited to a stop work order on the project, unless and until payment is made by Client in accordance with this Agreement.

Should Consultant be subpoenaed or called upon to testify for or on behalf of the Client or for consulting services on matters arising out of or related to the Work, Client shall compensate Consultant for its time at a rate of two times (2x) the Consultant's standard billing rates.

7. Site Access and Conditions. Client will provide Consultant access to the Project site for all equipment and personnel necessary for the performance of the Services. As required to effectuate such access, Client will notify all owners, lessees, contractors, subcontractors, and other possessors of the Project site that Consultant must be allowed free access to the site. While Consultant agrees to take reasonable precautions to minimize damage to the site, Client understands that, in the normal course of performing the Services, some damage may occur, and further understands that Consultant is not responsible for the correction of any such damage unless so specified in the Proposal.

Client agrees that in accordance with generally accepted construction practices, the construction contractor and construction subcontractors will be required to assume sole and complete responsibility for job site conditions during the course of construction of the project, including safety of all persons and property, and that this requirement shall apply continuously and not be limited to normal working hours. Neither the professional activities of Consultant nor the presence of Consultant or his or her employees or subconsultants at a construction site shall relieve the contractor and its subcontractors of their obligations, duties and responsibilities including, but not limited to, construction means, methods, sequence, techniques or procedures necessary for performing, superintending or coordinating all portions of the work of construction in accordance with the contract documents and applicable health or safety requirements of any regulatory agency or of state law.

8. Reports. If requested by Client and agreed to by Consultant, Consultant will prepare and submit to Client a written report describing Services performed during the prior month and Services planned for the current month.

9. Confidential Information. Information acquired by Consultant in connection with Services (from Client or a third party or developed by Consultant) and not generally available to the public will constitute confidential information of Client (*Confidential Information*). "Confidential Information" shall include any and all oral, written or electronically transmitted information of a proprietary nature which is either owned by the Parties, or owned by any affiliate of the Parties and licensed to the other Party, including, but not limited to, any information relating to services or products that is not generally available to the public, including without limitation, identification of customers; business methods, strategies and practices; internal operations; pricing and billing; financial data; costs; personnel information; customer and supplier contacts and needs; sales lists; technology; software; computer programs; computer systems; inventions; patents-pending; product development; trade secrets of any kind; any information designated as confidential by either Party or that Party's clients; and all oral, written or electronically transmitted information learned by the receiving Party from the disclosing Party's employees, agents, or through inspection of the other Parties' property, that relate

to the categories of information listed above. Confidential Information shall not include information that (i) is now or subsequently becomes generally available to the public through no fault or breach of this Agreement on the part of the receiving Party; (ii) the receiving Party can demonstrate to have had rightfully in its possession prior to disclosure by the other Party; (iii) is independently developed by either Party without the use of any Confidential Information; or (d) the receiving Party rightfully obtains from a third party who has the right to transfer or disclose it without a duty of confidentiality and/or nondisclosure.

Consultant will use and disclose Confidential Information only as reasonably required for performance of Services in accordance with this Agreement or as otherwise authorized in writing by Client. Consultant will not publish Confidential Information without prior written consent of Client. Without limitation of the foregoing, Consultant will not divert or misappropriate Confidential Information for Consultant benefit or the benefit of a third party. Consultant will take appropriate steps to protect Confidential Information from unauthorized use or disclosure.

10. Intellectual Property and Ownership of Documents. "Intellectual Property Rights" means all (a) patents, patent disclosures and inventions (whether patentable or not), (b) trademarks, service marks, trade dress, trade names, logos, corporate names and domain names, together with all of the goodwill associated therewith, (c) copyrights and copyrightable works (including computer programs) and rights in data and databases, (d) trade secrets, know-how and other confidential information, and (e) all other intellectual property rights, in each case whether registered or unregistered and including all applications for, and renewals or extensions of, such rights, and all similar or equivalent rights or forms of protection in any part of the world. "Pre-Existing Materials" means all documents, data, know-how, methodologies, software and other materials, including computer programs, reports and specifications, provided by or used by in connection with performing the Services, in each case developed or acquired prior to the commencement or independently of this Agreement.

Each party will retain all right, title, and interest in and to its own Pre-Existing Intellectual Property irrespective of any disclosure of such Pre-Existing Intellectual Property to the other party, subject to any licenses granted herein. All documents prepared by the Consultant pursuant to this Agreement, including but not limited to reports, field data, field notes, laboratory test data, calculations, and estimates are instruments of service in respect to the subject project. As such, the originals of all such documents shall be retained by and remain the property of the Consultant. The Client shall be entitled to copies of all such documents produced by the Consultant under this Agreement.

11. Limitations of Work Product. It is understood and the parties agree that the Client shall not use or reuse said documents or information contained therein for additions or modifications to the subject project, for other projects, or for completion of this project by another consultant, except by prior written agreement between the parties hereto and with appropriate compensation to the Consultant for such use or reuse. Any such use or reuse by the Client shall be at the Client's sole risk and without liability or legal exposure to the Consultant. Further, the Client shall defend, indemnify and hold harmless the Consultant, its officers, associates, servants, employees, consultants and agents, from and against any and all claims, demands, damages, losses or expenses of whatever kind or nature, including attorney's fees, arising out of or claimed to arise out of any such unauthorized use or reuse of said documents or information.

12. Risk Allocation and Limitations of Liability. No employee or agent of Consultant shall have individual liability to Client. To the fullest extent permitted by law, and notwithstanding any other provision of this Agreement, the total liability, in the aggregate, of the Consultant, and its officers, directors, partners,

employees, agents and sub-consultants, and any of them, to the Client and anyone claiming by, through or under the Client, for any and all claims, losses, costs or damages of any nature whatsoever arising out of, resulting from or in any way related to the Project or the agreement from any cause or causes, including but not limited to the negligence, professional errors or omissions, strict liability, breach of contract or warranty, express or implied, of the Consultant, and its officers, directors, employees, agents or sub-consultants, or any of them, shall not exceed the total compensation received by the Consultant, for Services provided under this Agreement or \$50,000 whichever is greater. If Client desires a limit of liability greater than that provided above, Client and Consultant shall mutually agree in writing as to the amount of such limit and the additional compensation to be paid to Consultant for assumption of such additional risk. IN NO EVENT AND UNDER NO CIRCUMSTANCES SHALL CONSULTANT BE LIABLE TO CLIENT FOR LIQUIDATED, CONSEQUENTIAL, INCIDENTAL, INDIRECT, SPECIAL, OR PUNITIVE DAMAGES.

13. Liability for Others. Consultant shall not be responsible for the acts or omissions of the Client, Client's other consultants, contractor, subcontractor, other third parties or their respective agents, employees, assigns, successors, or other persons performing any of the work. Consultant shall promptly notify Client if Consultant becomes aware of any inconsistencies in the services or information provided by other parties.

14. Indemnification by Client. Client agrees to indemnify and save harmless Consultant and any affiliation thereof, its officers, agents and employees from and against any and all claims and liability, loss, expenses, suits, damages, judgments, demands, and costs (including reasonable legal fees and expenses) arising out of: (i) the acts or omissions of Client, its employees, agents or its subcontractors; (ii) injury or death to persons, or loss of or damage to property, or fines which may result by reason of buying, selling, distribution, or use of any goods or services provided under this Agreement except to the extent that such damage is due solely and directly to the negligence of Consultant; (iii) false claims submitted by Client under this Agreement or as a result of a Client misrepresentation of fact, or fraud by Client.

15. Termination. This Agreement may be terminated without cause by either party upon thirty (30) days written notice, and at any time by either party if the other party defaults in the performance of any material provision of this Agreement and such default continues for a period of seven (7) days after written notice thereof. In the event of termination, Consultant will be paid for services performed through the date of termination, plus reasonable termination expenses, including the cost of completing analyses, demobilization, records and reports necessary to document job status at the time of termination.

16. Relationship of Parties. Consultant is an independent contractor, not an employee or agent of Client. Without limitation of the foregoing, Consultant will (a) not enter into any contract, agreement, or other commitment, or incur any obligation or liability, in the name or otherwise on behalf of Client; (b) not be entitled to any worker compensation, pension, retirement, insurance, or other benefits afforded to employees of Client; (c) provide for federal income tax and other withholding related to Consultant compensation; (d) pay social security, unemployment, and other employer taxes related to Consultant employment, employees, or compensation; (e) provide worker compensation and other insurance related to Consultant employment or employees; and (f) perform all reporting, recordkeeping, administrative, and similar functions related to Consultant employment, employees, or compensation.

17. Dispute Resolution. The Client shall make no claim for professional negligence, either directly or by way of a cross complaint against the Consultant, unless the Client has first provided the Consultant with a written certification executed by an independent consultant currently practicing in the same discipline as the Consultant and licensed in the State where the Project is located. This certification shall: (a) contain the name

and license number of the certifier; (b) specify the acts or omissions that the certifier contends are not in conformance with the standard of care for a consultant performing professional services under similar circumstances; and (c) state in detail the basis for the certifier's opinion that such acts or omissions do not conform to the standard of care. All claims, disputes, controversies or matters in question arising out of, or relating to, this Agreement or any breach thereof, including but not limited to disputes arising out of alleged breaches of contract, errors, omissions, or acts of professional negligence, (collectively "Disputes") shall be submitted to mediation before and as a condition precedent to pursuing any other remedy. Upon written request by either party to this Agreement for mediation of any dispute, Client and Consultant shall select a neutral mediator by mutual agreement. Such selection shall be made within ten (10) calendar days of the date of receipt by the other party of the written request for mediation. In the event of failure to reach such agreement or in any instance when the selected mediator is unable or unwilling to serve and a replacement mediator cannot be agreed upon by Client and Consultant within ten (10) calendar days, a mediator shall be chosen as specified in the Mediation Rules of the American Arbitration Association then in effect, or any other appropriate rules upon which the parties may agree. Any cause of action brought against Consultant shall be brought within one year of the work or Services performed under this Agreement. In an action, suit, or other legal proceeding to enforce a right or remedy under this Agreement, the prevailing party will be entitled to recover its costs and expenses (including, without limitation, expert witness and attorney fees) reasonably incurred in connection with such action, suit, or other proceeding or any appeal thereof. Each party waives its right to a jury trial in any court action arising between the parties, whether under this Agreement or otherwise related to the work being performed under this Agreement.

18. Assigns. Client may not assign this Agreement or any right or obligation hereunder without the prior written consent of Consultant, which shall not be unreasonably withheld or delayed; provided, however, that no consent shall be necessary in the event of an assignment to a successor entity resulting from a merger, acquisition or consolidation by either party or an assignment to an Affiliate of either party if such successor or Affiliate assumes all obligations under this Agreement.

19. Waiver of Jury Trial. Each party waives its right to a jury trial in any court action arising between the parties, whether under this Agreement or otherwise related to the work being performed under this Agreement.

20. Governing Law and Survival. This agreement will be governed by and construed in accordance with the laws of the state of Florida, without giving effect to the principles of conflict of laws thereof. Each party also hereby irrevocably submits to the exclusive jurisdiction of the courts of Broward County, Florida in any proceeding arising out of or relating to this agreement, and to the federal district courts located therein.

21. Severability. If any of the provisions contained in this Agreement are held illegal, invalid, or unenforceable, the enforceability of the remaining provisions will not be impaired. Limitations of liability, indemnification, and non-solicitation & hiring of employees shall survive the termination of this Agreement for any reason. The failure of a party hereto at any time or times to require performance of any provision hereof shall in no manner affect its right at a later time to enforce the same. No waiver by a party of any condition or of any breach of any term contained in this Agreement shall be effective unless in writing and signed by the waiving party, and no waiver in any one or more instances shall be deemed to be a continuing waiver of any such condition or breach in other instance or a waiver of any other condition or breach of any other term.

22. Enforceability. This Agreement shall be interpreted by the parties in a manner that ensures this Agreement's general accordance with applicable local, state, federal, or foreign laws. The parties affirm that

this Agreement is a collaborative effort between Client and Consultant, with no single party considered the drafter of this Agreement or having the drafting of this document construed against them.

23. Entire Agreement. To the extent allowed by law, any agreement that is part of the scope of Consultant's Services and incorporated by reference into this Agreement shall be subordinated to the terms and conditions of this Agreement where they conflict. This Agreement shall be interpreted as though prepared by all parties and shall not be construed unfavorably against either party.

The Center may discipline unit members for cause, as set forth in this Article.

5.1.2.1 A reprimand shall only be subject to Section(s) 5.2 and 5.5, below.

5.1.2.2 A suspension or discharge shall be subject to Sections 5.2 through 5.5 below.

5.2 Commencement of Investigation

5.2.1 Except in extraordinary circumstances, a unit member shall be informed within twenty-one (21) calendar days of the initiation of an investigation that involves them.

Such request shall be made within twenty-one (21) calendar days of service of the Center's determination to proceed with discipline.

5.5 Retention of Records

5.5.1 If a unit member who is the subject of discipline presents evidence which results in a withdrawal of the discipline, all reference to that discipline shall be removed from the unit member's personnel file.

5.5.2 If requested by the unit member, in writing, material related to corrective action (oral or documented) will be removed twelve (12) months after final resolution. Material related to discipline (written reprimand, suspension, discharge) previously imposed will be removed twenty-four (24) months after final resolution. This shall not apply in the following circumstances:

5.5.2.1 any other discipline has been imposed in the intervening months.

5.5.2.2 the prior discipline related to a federal or state law (e.g. sexual harassment, racial discrimination, etc.).

6. CENTER RIGHTS

The Center retains all rights and functions of management specifically provided for in Section 5 of Center Resolution #5-81 and nothing in this MOU is intended nor shall be construed to limit, other than as a matter of procedure, the Center's ultimate ability to exercise its management rights.

7. EDUCATION REIMBURSEMENT

7.1 Tuition, Books, etc.

The Center will reimburse unit members for tuition, books and educational fees in accordance with this Article.

7.2 Job Related

All course work or training must be job-related and pre-approved. The determination of job-related is not grievable. A denial, however, may be appealed from the Deputy Director of Operations to the Chief Executive Director. The decision of the Chief Executive Director shall be final.

7.3 Cap on Expenditures

There shall be a cap of Five Hundred Dollars (\$500.00) per unit member per fiscal year. Further, not more than Two Thousand Five Hundred Dollars (\$2,500.00) may be required of the Center pursuant to this Article for all unit members in any fiscal year.

7.4 Eligibility for Reimbursement

7.4.1 The Center will reimburse, on completion of the course or training, provided the unit member either (1) received a grade of “C” or better; or (2) received a “pass” if the course was graded pass/fail.

7.4.2 The Center will only reimburse for education initiated and completed after the unit member’s initial employment date with the Center.

7.5 Requests Exceed the Cap

If requests exceed the cap set forth in Paragraph 7.3, eligibility for reimbursement shall be based on the date a unit member first requested pre-approval of the course (i.e., “first-received”). Should the unit member fail to satisfy the requirements in Paragraph 7.4, opportunity for reimbursement shall then be offered to the next eligible unit member.

7.6 Flex Time

Flex time may be utilized, with Center approval, provided it does not cause a back fill with overtime.

7.7 Non-Working Time

Pre-approval of course work or training is for the purpose of reimbursement only and does not convert the hours spent in such course work or training to working time.

7.8 Education Incentives

7.8.1 For a unit member to earn the total allowable educational incentive, the education earned must enhance the unit member's ability to do their job, and they must have registered, earned and obtained their degree through a regionally accredited college or university (WASC or equivalent). The submittals must include a copy of the diploma from the accrediting college. Each submittal will be reviewed on a case-by-case basis.

7.8.2 Effective July 1, 2024, Education Incentives shall be as follows:

Except for EMD-Q, these incentives shall not be cumulative.

Associate	2% of base pay
Bachelor	3% of base pay
Masters	4% of base pay
EMD-Q	1% of base pay

8. EMPLOYEE RIGHTS

Notwithstanding the provisions of this MOU, unit members shall retain all rights provided for in Government Code section 3500 *et seq.* and Section 4 of Resolution #5-81.

9. LEAVES

9.1 Funeral Leaves

9.1.1 Leave for Family Members

9.1.1.1 A unit member assigned to a shift shall be eligible for five (5) days without loss of pay for the purpose of arranging for and/or attending the funeral of a member of the immediate family. The leave shall be completed within three months of the date of death of the family member.

9.1.1.2 The unit member shall list the relationship to the deceased on the leave request form. For the purposes of this section, immediate family includes the unit member's spouse or domestic partner and the child, mother, father, step-mother, step-father, parent-in-law, aunt, uncle, grandmother, grandfather, sister, brother, daughter-in-law, son-in-law of the unit member or the unit member's spouse or domestic partner. Also included is any person permanently domiciled in the unit member's household.

9.1.1.2.1 A unit member, with approval of the Center, may utilize Funeral Leave for other than listed immediate family members.

9.1.1.3 CTO/Vacation and/or leaves of absence will also be available if additional time away from work is required and can be accommodated by the Center.

9.1.1.4 Proof of the date of the funeral, acceptable to the Center, may be required.

9.1.1.5 Unit members not assigned to a shift shall be eligible for up to five (5) days of leave. The leave shall be completed within three months of the date of death of the immediate family member. The leave will be without loss of pay for the purpose of arranging for and/or attending the funeral of a member of the immediate family.

9.1.2 Leave for Others

If a unit member has a funeral to attend of someone outside the defined immediate family, CTO/vacation time outside the normal vacation rules as outlined in Section 9.4 will also be available if the absence can be accommodated by the Center. Proof of the date of the funeral, acceptable to the Center, may be required.

9.2 Jury Duty Leave

9.2.1 Summons for Service

Unit members summoned for trial jury service in either State or Federal court will be released from scheduled duty without loss of pay for those periods during which they are required to be present at the courthouse.

9.2.2 Notice to Center

A unit member who is required to report for jury duty shall provide Center management with a copy of the notice promptly upon receipt.

9.2.3 Temporary Reassignment

For the week in which their jury service obligation is scheduled the unit member may be reassigned to days with either an eight (8) or a ten (10) hour schedule (Monday through Friday). This day assignment may be performing dispatch duties on a day shift or may be to a special project. If the unit member is empaneled, and jury service extends beyond the original week, their modified assignment shall also be extended until the end of the week in which the trial is completed.

9.2.3.1 A unit member scheduled to work on the Sunday before a week of jury duty may elect to work a full or partial shift, only with the approval of the Dispatch Manager for Supervisors and Deputy Director for Managers, and in compliance with Section 14.3 and any applicable rule.

9.2.3.2 A unit member may choose to work on the Saturday following a full week of jury duty only with the approval of the Manager and in compliance with Section 14.3 and any applicable rule.

9.2.3.3 Each unit member must, however, work at least their scheduled hours (either 36 or 48) during a week of jury service as to not affect their pay.

9.2.3.4 Consistent with Paragraphs 9.2.3.1, 9.2.3.2, and 9.2.3.3, the goal is to transition the unit member back to their normal assignment at the earliest opportunity following completion of jury service.

9.2.3.5 In appropriate circumstances, this may result in the temporary transfer of one or more unit members from the day shift to accommodate the jury duty unit member's temporary reassignment.

9.2.4 Return to Work

If a unit member has reported to the courthouse, and is released from jury service before 2:00 p.m., they shall return to work. A unit member who does not wish to return to work may call Center management and request permission to utilize vacation/CTO.

9.3 Sick Leave

9.3.1 Definition

Sick Leave, as used in this Agreement, shall be defined as absence from work without loss of pay because of the unit member's non-service related illness or injury.

9.3.1.1 Accrued sick leave may be utilized in the case of illness of a minor child, or a parent (as defined in Labor Code Section 233), or any of the following persons who are living in the unit member's household: spouse, domestic partner, or grandparent (including, subject to submission of appropriate documentation, any person domiciled in unit member's household and recognized by the Internal Revenue Service as a dependent).

9.3.1.2 If the Center deems absences related to 9.3.1.1 to be beyond reasonable limits, the unit member will first be counseled before additional action is taken. Alternatives may be explored to assist the unit member.

9.3.2 Entitlement

9.3.2.1 Each new unit member hired on or after July 1, 2023, shall be credited with thirty-six (36) hours of sick leave. Thus, as the member accrues sick leave they do not increase their bank until they accrue more hours than what was credited. In the event that a unit member leaves the employment of the Center and has used sick leave in excess of what they have accrued the excess dollar amount shall be deducted from their final paycheck.

9.3.2.2 Each unit member shall accrue twelve (12) hours of sick leave per month.

9.3.2.3 Unit members shall be entitled to accumulate sick leave on an unlimited basis.

9.3.3 Verification

All unit members who are absent because of sick leave on six (6) consecutive work shifts shall furnish a letter from their doctor excusing their absence.

Local 522

9.3.4 Reimbursement for Appropriate Use of Sick Leave

9.3.4.1 As an incentive to promote appropriate use of sick leave, unit members who have rendered a minimum of five (5) continuous years of service with the Center at the time of retirement or resignation may choose to be compensated for the cash value of existing accrued sick leave based on the following schedule:

Years of Continuous Service	% of Cash Value (at straight time)
5 - 10	25%
11 - 15	35%
16 or more	50%

Notes:

- 1. This shall not apply in the case of a separation for cause.*
- 2. Any sick leave compensated pursuant to this provision shall not be eligible for conversion to Section 20965 Credit for Unused Sick Leave (see Section 20.6).*

9.3.5 Wellness Incentive

9.3.5.1 Unit members who use no sick leave in a period of four (4), continuous months shall be entitled to receive a wellness certificate to take one workday off with pay.

9.3.5.1.1 This day must be taken within twelve (12) calendar months after issuance of the certificate.

9.3.5.1.2 Usage shall be in half ($\frac{1}{2}$) day or full day increments.
